

Muslim while flying

Sometimes being Muslim isn't easy

Especially after 9/11

Many people right now they don't understand Islam, most people have no idea what Islam really is

Their understanding of Islam is twisted...twisted

That leaves a lot of people confused

A lot of people confused...

Especially since the media spoon feeds them their scary opinions,

'The media?'

'Yeah their the ones who make the mistakes on TV,'

'They make the oppressed look like the oppressors'

'And the oppressors look like the oppressed'

'Wow that sounds confusing'

'Exactly'

Look at the ERROR in terrorism

If you study Islam you'll see there's no terrorism in Islam

Think about it!

Think about it!

Out of six billion people on this planet, one in half billion people are Muslims

That's a lot of Muslims,

So if Islam taught terrorism, one of every four human beings would be doing a violent act,

But that's not reality because Islam doesn't teach terrorism.

Ask yourself, when was the last time you saw a Muslim on one of them crime shows?

‘World’s wildest police chase?’

‘Uuh...’

‘Americas most wanted?’

‘Urm...’

‘What bout Cops? You musta seen some Muslims on cops, the guy with... maybe a guy with a turban or a guy with a thorbe or a shalwer kameez...something!’

‘Hmm....I don’t think I’ve seen Muslims on any of these shows’

‘You know why you don’t see Muslims on these shows? Not even one?’

‘Because Islam doesn’t teach terrorism’

‘Exactly’

‘But what bout all those scary video’s they show on TV?’

‘You’re always going to find good and bad people in every group’,

‘The point is if you want to learn bout Islam, go study Islam...don’t study the Muslims!’

‘You know when two Muslims meet each other they say Assalamu Alaikum, do you have any idea what that means?’

‘That means may the peace and blessings of Allah be upon you’

‘Wow that sounds peaceful’

So many people including the Americans convert to Islam every single day

Including myself

‘You’re a convert?’

‘Yeah I’m a convert’

You know before 9/11 most people had no idea what Islam was

So most people still don’t know what Islam is

They even got to stereotype of what a Muslim looks like all wrong!

Do you know there's almost twice as many Muslims living in China then there is in Saudi Arabia?

That kinda messes up all the stereotype huh?

Yeah

Most Americans have no idea the difference between a Hindu, Sikh or a Muslim.

Airport security, they can't tell a difference either, most likely if you look Middle Eastern, even if you're not Muslim your going to be searched.

If you thought Black while driving was bad, try Muslim while flying..!

You know what I'm saying?

No seriously

You know what I'm saying?

If you're Muslim and you've flown, you know what I'm saying...

Basically you're going to be searched in the airport a bunch of times, for no reason.

'But I didn't do anything'

You know those random security searches at the airport?

There not so random

They go something like this:

'Hello sir, welcome to our airline, we're doing a random search today and you have been selected'

'Do you mind if I wave my magic wand around your body?' (SOUND AFFECT)

'Urr ok'

'Sir it looks like we're all clear, do you mind if I ask you some questions? Maybe check your bags?'

'Urr ok'

‘Thank you, are you planning to travel to any foreign countries today?’

‘Urr this is a domestic flight’

‘Sir please answer the question’

‘Urr no’

‘Do you plan to travel to any terrorism countries today?’

‘This flights from like LA to Chicago, so... I don’t...’

(interrupts) ‘Sir please answer the question...’

‘No I’m not, what’s a terrorism country?’

‘Any country we’re bombing or planning to bomb or any country that doesn’t support the countries that we’re bombing over planning to bomb...sir.’

‘Isn’t that like almost all the countries?’

‘Yes sir it is’

‘Can I go now? Because...’

‘Actually sir you can, thank you sir for flying with our airline and please let me say: please continue to take only domestic flights, thank you for flying with our airline, thank you sir’

So you’re done with the whole search, everything went ok, exactly what you thought, you start taking about ten steps, guess what? The next security guy spots you...

‘Good evening sir, we’re doing a random search today and you’ve been...’

‘W...w...wait lemme guess, I’ve been randomly selected right?’

‘Well that’s right sir, that’s correct’

‘Do you mind if I wave my wand around your body?’ (Sound affect)

Something tells me these searches are not so random

Once you get everyone scared and all the so called ‘security’ isn’t making anyone feel any more secure

It only causes delays and unnecessary paranoia

So if you're at the airport, please don't act weird

You're just going to delay everyone's flight

So here's some tips...

Doing any of the following actions would most likely get you stopped at the airport...here we go:

(Action one)

'Is that for me?' (Sirens playing behind) 'What did I do?' (Laughs) 'What did I do?'

(Action 2)

'Look I want to know if this meat is Halal...is your meat in the plane this is Halal? I want...look, aah, look I ordered Halal food on the plane, you say...it doesn't say Halal here, is the meat Halal? Is the meat really Halal? Who slaughters your meat? I want to know please tell me his name, does he hand slaughter or does he electronic slaughter? Ok please tell me his name...huh? He's not here? Who...er...where is he? He just slaughter and leaves? No it has to be Halal or I'm not eating! I want to talk to your manager!'

(Action 3)

'Dude the food at that place, it was the bomb, it was the bomb!'

'You say bomb, you say bomb!' (Sirens playing in the background) Wah...Wah...n-n-n-n-no.'

(Action 4)

"Speaking in Persian"

So please don't act weird

Let us change the way that people perceive Islam

And the only way we can do that is by being good examples, good Muslims

Make Dua to Allah (SWT) to give us strength and patience so we may be good examples for those among us

This is Ali reminding you just incase you forgot (sirens playing in the background)
